How about this? You can finesse it a bit more.

Thanks Kimberly: I got your voicemail as well.

Given the sensitivity of this topic, what do you think of the following?

Hi Douglas – I've asked for Art's input on this since I'm a little hesitant to mention the ND Oversight in a public setting. I feel that we should address this issue with the State before going public. I'll let you know what he says. Thanks,

Kimberly: this just came in. Does ECEJ plan to provide this bullet?

Hi Sadie and Douglas,
Per Joan below, can you send me something on ND UIC? I would need it by noon today.
Thanks,
Rebecca

Thanks. Blacktail is still hot. Actually, we should also add ND UIC too. That would be Sadie/Douglas Minter in OPRA. Joan

Hi Joan,
Laura Williams suggested we remove it – she said it wasn't "hot" anymore.

I asked Carl about Uintah Basin yesterday morning and he said he wasn't asked to add it in by OPRA. I'll ask him again this morning to put something together on it.

Thanks,
Rebecca

Rebecca, do you know why Blacktail Creek was removed? Also, I think we should add Uinta Basin Air Quality and the state's desire for EPA to act to the Utah list. Sorry for late feedback.

Subject: Hot topics for ECOS - please review!

Hello,

I'm pulling together materials for the Administrator's upcoming engagement with state commissioners at the March 16-18 ECOS Spring Meeting. Attached is the list of Hot Topics we used for NGA/WGA events last month. Could you please take a quick look and let me know if the hot topics listed for your Region are still Hot? Am looking for additions and/or deletions by COB **Monday, March 9**.

FYI, at this point, 43 member agencies are registered to attend. The states that have not registered include: NJ, IL, AK, FL, HI, ND, and SD.

Thanks,
